ShiftCool Neck

Personal cooling. Adjustable visibility.

Lightweight, reusable neck cooling + two adjustable reflective bands

Premium outer fabric

Durable, sweat-resistant fabric designed for repeated use.

Cooling gel

Sealed gel cooling with no loose ice to load and nothing to refill.

Flexible, contoured fit

Follows the neck for hands-free cooling comfort during breaks.

Soft inner lining

Smooth, skin-facing material designed for comfortable contact.

01 / FREEZE

Place in the freezer for 1-2 hours.

02 / WEAR

Position around the neck for cooling comfort.

03 / REFREEZE

Follow care instructions and refreeze between uses.

PROPOSED REFLECTIVE BAND KIT

Two bands
Your position

1 ring + 2 bands / target width: 1.5 inches

- Slide each band along exposed sections of the ring to suit clothing and the task.
- Silver reflective fabric with chartreuse edges. A thin, snug sleeve design.
- Removable for separate care and replacement.

CREW PREPARATION & CARE

Assign individually. Plan freezer access, cleaning and rotation. Check fit with PPE and follow supplied care instructions. Cooling duration varies with temperature, activity and use.

Concept render. ShiftCool branding and bands are proposed. Ring features follow Rituo product materials.
Reflective accessories are not certified PPE. Use with required PPE and site heat controls.
